Westfield College.

This Institution is under the control of the Upper Wabash, Illinois, Central Illinois, and Lower Wabash conferences, of the Church of the United Brethren in Christ. It is pleasantly situated in the healthy and retired village of Westfield, Illinois, six miles south of Ashmore Station, on the Terre Haute & St. Louis Railroad. The situation is a desirable one, being free from the noise, confusion, and evil influences of our large cities and public thoroughfares. The moral sentiment of the community is high-toned; and, in every respect, it is a place well adapted to be a seat of learning.

BUILDINGS.

The building is a beautiful brick, forty by one hundred feet, with extensions seventeen by forty, on either side. It embraces, besides an ample number of recitation, music, writing, library, and literary society rooms, a convenient lecture room; also, a commodious chapel. An observatory gives a good view of earth and sky. A campus of five acres contains the buildings, and surrounds them with pleasant groves.

APPARATUS.

There is a limited amount of apparatus connected with the school, and arrangements are being made to secure more. It is designed to have chemical and philosophical apparatus, sufficient to illustrate all the leading features of these subjects.

LIBRARY.

A selection of valuable and standard works has been secured as a nucleus, to which additions will be made from time to time, by donations and purchase. All the students have access free of charge.

REQUISITES FOR ADMISSION.

No person will be admitted to the classes of the Institution, who is known to be destitute of good moral character.

Also, students, before being admitted to the classes, must present to the teachers a certificate from the treasurer, as evidence that they have settled their tuition.

Tuition and incidental fees must be paid in advance.

TUITION, EXPENSES, &C.

Tuition, per term of 12 weeks	$ 7 00
Tuition, per term of 16 weeks	9 00
Incidental Fee	1 00
Instrumental Music, per term of 12 weeks	10 00

Boarding can be had in private families at $3 00 to $3 25 per week. There is no boarding hall connected with the school. It is better that students board and room with private families.

LITERARY SOCIETIES.

In connection with the Institution, four literary societies are in successful operation: The Philalethean, Irving Institute, Theological Society, and Young Men's Institute. Excellent opportunities are thus afforded for the cultivation of the graces of reading and speaking.

RELIGIOUS EXERCISES.

Besides the regular morning devotional exercises in the chapel, weekly prayer-meetings are held by the students, which all are invited to attend.

During each term, also, a special meeting is held for the benefit of the students, and all others who may attend. These meetings have been highly profitable and encouraging.

DEGREES.

The degrees of Bachelor of Arts and Bachelor of Science will be conferred respectively on those who complete the Classical or Scientific Course, and pass the regular examinations.

The degree of Mistress of Arts will be conferred on all who complete the Ladies' Course, and sustain the examinations in the same.

The degree of Master of Arts will be conferred on all Bachelors of Arts of three years' standing, who have meantime been engaged in literary or professional studies, and have sustained a good moral character.

RECITATIONS, &C.

Students are classed with reference to their attainments, and the plan of teaching is carefully adapted to secure sound mental discipline. The

cultivation of the intellectual and moral faculties, the imparting of useful knowledge, and the formation of correct habits in all respects, constitute the three leading objects of every effort at instruction in the College.

CALENDAR.

The year is divided into three terms. The first begins on the last Wednesday of August, and continues twelve weeks. Then a vacation of one week. The Second Term begins on the last Wednesday of November, and continues sixteen weeks. Again a vacation of one week. The third term begins on the last Wednesday of March, and continues twelve weeks.

EXAMINATIONS.

There are public examinations of all the classes at the close of each term, and students are required to be present at the examination of the classes to which they severally belong. Should any one absent himself, he will be required to pass a private examination before being permitted to proceed with his classes.

SUMMARY OF RULES

FOR THE

Government of Westfield College.

Public prayer every morning (Sabbath excepted), at 7:40 o'clock. All the students are required to attend.

Students are required to attend church once on Sabbath, either at the United Brethren Church, or any other church in the village which they may prefer; provided they are regular in their attendance.

Hours for study are from 5 to 6, and from 7 to 12 A. M., from 1:30 to 4, and from 7 to 9 P. M. Students are required to be in their own rooms during hours of study, and after 9 P. M. are not allowed to visit in the village or elsewhere.

No quarreling, fighting, profane or vulgar language, drinking of spirituous liquors, or games of chance of any kind, will be tolerated.

Young ladies are not permitted to receive visits from young gentlemen, nor will young gentlemen be allowed to visit young ladies without *special* permission.

Young ladies and gentlemen are prohibited, also, from taking rides or walks together, without special permission. The observance of this rule will be *strictly* insisted upon.

Students are graded upon the merits of their recitations, from day to day; and an average exhibit of their standing is publicly read at the close of each term, and the same recorded on the roll-book of the Institution.

Each unexcused absence from church on Sabbath subjects the offender to two demerit marks. Each unexcused absence from morning worship, and each violation of the hours for study, receives one demerit mark. Ten demerits subject the offender to a private, and twelve to a public reprimand; and if further delinquencies occur, he may be suspended or expelled, as the case may be.

Three unexcused absences from recitation subject the offender to a private reprimand, and five to a public reprimand, with a notification to the parents or guardians; and if further delinquencies occur, suspension or dismissal is the penalty.

The demerits and unexcused absences are publicly read at the close of each term, and recorded upon the roll-book of the Institution.

Rhetorical exercises every Saturday morning at 8 o'clock. Each student is required to prepare essays, orations, or declamations, and present the same in the order and at the time specified by the instructors.

Absences from recitation and rhetorical exercises must, as far as possible, be arranged beforehand; and when this can not be done, the student is expected to present his or her excuse voluntarily at the earliest opportunity.

Each student is required to report once a week, relative to his or her observance of study hours, attendance at worship on Sabbath, and at daily morning prayer.

Students are not allowed to go beyond one mile from the village in walking or taking a ride, without permission; nor are they permitted to meet together to hold a party, picnic, or a social gathering of any kind, either in the village or elsewhere, without special permission.

Any student who, when called upon to do so, refuses to give testimony against a fellow student, shall be regarded as violating the law, and a party to the offense.

The penalties for the violation of any of the above rules are private and public reprimands, suspension or expulsion, according to the nature of the offense.

Oral rules, which may be given from time to time, will be regarded equally binding as the above.

REMARKS.

Special regard is had for the physical and moral as well as the intellectual well-being of the students. Parents and guardians need feel no hesitancy in intrusting their sons and daughters to the care of the teachers and authorities here. Text-books can be procured at Westfield.

No deduction from tuition will be made for absences, except in cases of protracted sickness, or other unavoidable circumstances.

A hack runs daily to Ashmore Station, also to Casey, situated on the national road, 12 miles south, on Tuesday, Thursday, and Saturday of each week, thus making access to the school both easy and expeditious.
